# B&C CORPORATE SUSTAINABILITY

## OUR APPROACH

The Cotton Group's sustainability work is integrated into our culture and values. We believe a long-term approach is a must when it comes to dealing with complex SUSTAINABILITY issues, and we work to ensure that sustainability is integrated into all aspects of everything we do.

Our entire business must be conducted in a way that is ECONOMICALLY, SOCIALLY and ENVIRONMENTALLY sustainable.

That's the reason we have set clear ambitions and goals which we are implementing on a daily basis. Not bound by convention. Our success lies in developing new ways of doing things.

## OUR MODEL

We want to create positive changes along our value chain – from the FARMS and FACTORIES that supply us, through to warehousing and transport, and ultimately to our CUSTOMERS.

We want to create value with products which are beautiful, ethical and high-quality throughout their lifecycle.

We want to adopt a thorough and responsible approach at every stage of the process from design and sourcing, to manufacturing, quality control, logistics and sales.

# OUR COMMITMENT TO PEOPLE

One particular focus area is the protection and improvement of human rights along our value chain. The Cotton Group strives to make sure that the most stringent labour standards are upheld and safeguarded in the factories.

## WE ARE PROUD TO BE A MEMBER OF

the FAIR WEAR FOUNDATION and the BSCI, and to be a participant in the UNITED NATIONS GLOBAL COMPACT. All these initiatives bring security and improvement in the field of human rights.

## HAVING OUR OWN TEAM IN THE PRODUCTION COUNTRY

which works closely with our suppliers is key.

We can ensure that our code of conduct is implemented and that we constantly improve our suppliers' best practices.

## MEMBER OF BSCI

Since 1 October 2016

Since 2003, amfori BSCI has enabled companies to trade with purpose by improving social performance in their supply chain. All members of the amfori BSCI support a strong code of conduct that has 11 principles. These range from fair remuneration to no child labour or ethical business behaviour along with a step-by-step approach that enables companies to monitor, engage, get empowered and receive support to put sustainable trade at the heart of their member's business. More on [amfori.org](http://amfori.org)

## UN GLOBAL COMPACT

As a participant in the United Nations Global Compact, we are committed to its 10 guiding principles on Human Rights, Labour, Environment and Anti-Corruption. The UN Global Compact helps companies to do business responsibly by aligning their strategies and operations with 10 Principles on human rights, labour, environment and anti-corruption; and to take strategic actions to advance broader societal goals, such as the UN Sustainable Development Goals, with an emphasis on collaboration and innovation.

## MEMBER OF THE FAIR WEAR FOUNDATION

The Fair Wear Foundation (FWF) is an independent, non-profit organisation that works with companies and factories to improve labour conditions for garment workers. B&C signed up to the FWF's Code of Labour Practices in 2009, and thereby committed to adhere to these labour standards in their own business operations. The Fair Wear Foundation (FWF) exists to promote fair labour conditions in the garment industry worldwide and to supervise audits internationally. The Fair Wear Foundation verifies that the Code of Labour Practices is implemented and respected at the factories. By becoming a member of FWF, we have committed ourselves to implementing and maintaining a Code of Conduct designed specifically for the garment industry. This Code of Conduct is based on the Conventions of the International Labour Organization and the Universal Declaration of Human Rights.

This includes the following standards:

- No use of child labour,
- No use of forced labour,
- Safe and healthy working conditions,
- Legal labour contract,
- Payment of a living wage,
- Freedom of association and the right to collective bargaining,
- No discrimination against workers,
- No excessive working hours.

## SECURING GOOD WORKING CONDITIONS

We have our own offices and teams in the production countries themselves. We ensure that **ALL NEW PARTNERSHIPS ARE UNDER CERTIFICATION**. The Cotton Group also cares greatly about finding partners who share our respect for people as well as the environment, and who are willing to work with us to improve their practices. **THE COTTON GROUP LIAISON OFFICE EMPLOYEES** work directly with our business partners to build good relations, assess their performance against our Sustainability Commitment, and support them in making improvements through different programmes and activities. Not only do they have close relationships with our business partners, but also with non-governmental organisations, experts, stakeholders and local governments, meaning they have an insight on the challenges involved and understand how to drive improvements in a local context. Once we establish a partnership, we work together with the supplier to improve their sustainability performance through training, but also by rewarding the suppliers who perform well by ordering larger quantities of products.

# OUR COMMITMENT TO THE ENVIRONMENT & PEOPLE

## HI! I'M ORGANIC

We are changing the rules of organic products for you and are increasing our positive impact on the planet at the same time. Previously, you had the choice between very expensive organic styles or a single T-shirt hidden away in different collections. Today with B&C, you can choose from 22 certified organic styles over 3 ranges - T-shirts, polo shirts and sweatshirts. This includes a short-sleeved entry-price tubular organic T-shirt, allowing any business to combine sustainability with volume.

With 14 T-shirts, 2 polo shirts and 6 sweatshirts all made of 100% organic cotton (80% organic cotton and 20% recycled polyester for sweatshirts), at a very competitive market price, you have a complete offer to meet any market demand.

Each time you buy an organic cotton T-shirt instead of a conventional cotton one, you are reducing water consumption by 91% (around 397 litres of water). Organic Cotton is also grown within a rotation system that builds soil fertility, protects biodiversity, and is grown without the use of synthetic fertilizers, toxic pesticides or GMOs.

Conventional Cotton      Organic Cotton

Same cotton T-shirt  
One uses cotton that consumes **91% less water**.

	T-SHIRTS	POLO SHIRTS	SWEATSHIRTS	TOTAL
Organic Cotton	30%	17%	22%	24%
Conventional Cotton	70%	83%	78%	76%

Today already 24% of our T-shirts, Polo shirts and Sweatshirts are organic certified (Organic sweatshirts being also made of recycled polyester) to serve the market needs. Together we can inspire the market.

We are expanding our

**ORGANIC** certified  
cotton offer  
and we introduce

**Recycled**  
RCS Certified Polyester

Each sweatshirt recycles  
**5 plastic bottles** of 1.5L

**TOGETHER WE CAN INSPIRE THE MARKET.**

## CHALLENGES OF CONVENTIONAL COTTON

Cotton is a water intensive crop (e.g. around 22,500 litres per kg of cotton in India) and is commonly grown in dry regions. When not grown according to sustainable practices, cotton production can also be an intensive user of pesticides and petroleum-based fertilisers.

Over 60% of the world's cotton is produced by small holder cotton farmers, who are among the poorest in the world and often suffer high levels of debt, in part due to high input costs (such as pesticides and fertilisers). Like other crops, cotton farming can lead to land clearing, soil erosion and contamination, and loss of soil biodiversity.

Knowing that 95% of our products are made of cotton, we had to act. How has B&C decided to deal with the challenges of conventional cotton?

### We are a proud member of The Better Cotton Initiative / BCI.

The Better Cotton Initiative (BCI) is the largest cotton sustainability programme in the world. Together with their partners, BCI provides training on more sustainable farming practices to more than two million cotton farmers in 21 countries. In the 2017-18 cotton season, licensed BCI Farmers produced more than five million metric tonnes of "Better Cotton" – that accounts for around 19% of global cotton production!\* BCI is striving to transform cotton production from the ground up by helping cotton farmers adopt sustainable agricultural practices and produce "Better Cotton" – better for farmers, the environment and the textile sector's future.

Transforming global cotton production starts with farmers. Supporting farmers sits at the core of BCI. By 2020, BCI aims to support 5 million cotton farmers in adopting more sustainable agricultural practices and improving their livelihoods.

To do this, BCI focuses on the diverse social, environmental and economic challenges faced by cotton farmers around the world, from drought in Australia to flooding in China and gender equality in Pakistan. BCI comprehensive programme of training, practical demonstrations and knowledge-sharing helps farmers to raise their yields, reduce their impacts on the environment and improve working conditions. BCI addresses multiple environmental issues – from soil health and pesticide use to water stewardship – and raises awareness of the importance of Decent Work (defined by the International Labour Organization) as work that provides opportunities for people to work productively in conditions of freedom, equity, security and human dignity, focusing in particular on promoting women's empowerment and preventing child labour. The collective impact of all our efforts helps to strengthen local economies and promote sustainable development.

Being a member of BCI helps to demonstrate that an organisation is committed to sourcing sustainable raw materials and supporting sustainable cotton. At B&C, cotton accounts for 95% of all the raw materials we use for products, so it is a critical commodity for us. BCI is crucial to help us reduce our impact on the environment and to prove that to our customers and key stakeholders.

\*"Better Cotton" is sourced via a system of Mass Balance.

# OUR COMMITMENT TO THE ENVIRONMENT

All B&C projects are filtered through the “lowest environment impact possible” filter.

## TEXTILE EXCHANGE ACTIVE MEMBERSHIP

Textile Exchange is a global non-profit organisation that works closely with their members to drive industry transformation in preferred fibres, integrity and standards, and responsible supply networks. Textile Exchange identifies and shares best practices regarding farming, materials, processing, traceability and product end-of-life in order to reduce the textile industry's impact on the world's water, soil and air, and the human population.

The mission of Textile Exchange is to inspire and equip people to accelerate sustainable practices in the textile value chain\*. Textile Exchange focuses on minimizing the harmful impacts of the global textile industry and maximizing its positive effects.

The Cotton Group is an active member of Textile Exchange.

\*See 2019 achievements of The Cotton Group in this respect

## B&C GREEN WAREHOUSE IN BERINGEN

⚡	↓ CO <sub>2</sub>	⚡	↓ CO <sub>2</sub>	↓ CO <sub>2</sub>
<b>WINDMILLS</b>	<b>LOCAL GREEN ENERGY ACCOUNTS</b>	<b>SOLAR PANELS</b>	<b>LED LIGHTS</b>	<b>NATURAL GAS HEATING</b>
ENERGY PRODUCED 9.250 mWh	REDUCTION CO <sub>2</sub> -EMISSIONS 85,5 TONS per year	ENERGY PRODUCED 1.000 mWh	Use of LED lights inside and outside the buildings	REDUCTION CO <sub>2</sub> -EMISSIONS 7,3 TONS per year
which equals the energy consumption of 2.250 families		which equals the energy consumption of 250 families	REDUCTION CO <sub>2</sub> -EMISSIONS 10,5 TONS per year	

TOTAL CO<sub>2</sub>-EMISSIONS REDUCTION  
103,3 TONS PER YEAR

## TRANSPORT CHALLENGE

Transport represents around 6% of the greenhouse gas emissions in a garment's lifecycle. By choosing the right modes of transport, we can reduce this impact even further.

1. We use sea freight rather than air freight from factories to the port in Antwerp. We use barges rather than trucks to transport our products from the port to our warehouses.

2. To decrease the impact of transport to wholesalers' warehouses, we have based our warehouse in a very central location and in a non-congested traffic zone to reduce CO<sub>2</sub> emissions created by lorry transport.

3. We also ask and encourage the transport companies we use to make more environmentally friendly decisions.

**LET YOUR BUSINESS EMBRACE STEADY SUSTAINABILITY.**

# OUR COMMITMENT TO QUALITY

## PREMIUM FABRICS LAND TO PERSONALISATION EXCELLENCE

We're inspired by your business and this drives us to bring you the best - whatever style you choose; you can trust in B&C quality.

Our passion for quality knows no bounds, it is only matched by our drive to deliver the most inspiring contemporary collection for the promotional market.

We take great care in the choice of all of our fabrics. Not only must they complement the styling of each garment and ensure the wearer the highest level of comfort, they must also deliver the best results in decoration.

From T-shirts to jackets, from softshell to sweatshirts, we test all our fabrics with various decoration techniques so you can be confident that whenever you choose a B&C style you will have the perfect support for your brand or message.

# B&C CERTIFICATIONS

At B&C Collection, we believe that you shouldn't have to choose between something that looks good and something that does good too. That's why we are proud of our industry certifications.

## OCS CERTIFICATION

The B&C ORGANIC T-shirts, polo shirts and sweatshirts are made with OCS certified organic cotton by ECOCERT Greenlife. OCS, Organic Content Standard, provides an independent certification that the textiles is made with organic grown materials. The aim of this standard is to guarantee the traceability and integrity of the raw materials during all the manufacturing stages. It guarantees organic cotton purity of the style you buy.

## RCS CERTIFICATION

The RCS (Recycled Claim Standard) is used as a chain of custody standard to track recycled raw materials through the supply chain. The RCS verifies the presence and amount of recycled material in a final product. This happens through input and chain-of-custody verification from a third party. It allows for the transparent, consistent and comprehensive independent evaluation and verification of recycled material content claims on products.

WU31B, WW32B, WU33B, WW34B, WU35B, WW36B. ALL COLOURS: CONTAINS 20% RECYCLED CERTIFIED POLYESTER. CERTIFIED BY CONTROL UNION ACCORDING TO THE RCS STANDARD. THE COTTON GROUP - CU1030092

## PETA CERTIFIES B&C AS 100% VEGAN

We're proud to announce that we are officially certified by PETA as an approved vegan brand. It means there are no animal products involved in any part of the creation of our products. PETA (People for the Ethical Treatment of Animals) is the largest animal rights organisation in the world, with more than 6.5 million members and supporters. The companies that have signed PETA's statement of assurance have verified that neither they nor their ingredient suppliers conduct, commission, or pay for any tests on animals for their ingredients, formulations, or finished products anywhere in the world and won't do so in the future.

# 2020

## DISCOVER THE 2020 NEW B&C STYLES

### BE PREPARED TO INSPIRE THE MARKET.

In 2020, B&C Collection launches a tremendous sweatshirt collection made of 16 NEW styles featuring up-to-date designs, retail-inspired colours, quality details and exceptional decoration results. All this at unbelievably competitive prices.

Want more? An entry-price tubular T-shirt duo made of organic cotton...

## NEW: B&C #ORGANIC E150 /DUO

Hi, I'm organic! I'm the conscious tubular short sleeve T-shirt, I'm contemporary, I'm available in 20 fascinating colours and I'm soft & exceptionally printable. I will allow any business to combine sustainability with volume.

HI! I'M  
ORGANIC

## **B&C INSPIRE LINE**

/ Hi! I'm organic  
/ I'm designed with a contemporary cut and fashionable fit  
/ I'm extremely soft for your skin and at your hand  
/ My cotton is organic OCS certified  
/ For unbeatable printability, my cotton is also ring-spun and combed  
/ I love to be customised thanks to B&C No Label solution  
/ I'm available in up to 18 colours, all in duo  
/ I'm versatile: short or long sleeves, tank, heavy weight or slub version – all designed in duo.

With me, you have it all: the style, the price and it's organic!

# BE INSPIRED

## B&C TRIBLEND LINE

Made in 50% polyester – 25% ring-spun combed cotton – 25% viscose, the ultra-soft B&C Triblend Tees offer the perfect fabric alliance: the comfort of the cotton, the resistance of the polyester and the luxurious drape of the viscose.

Supersoft, lightweight and contemporary fit, the B&C Triblend T-shirts enjoy a retail design and a luxurious fabric.

The B&C Triblend T-shirt line is available in 4 modern styles: crew neck or V neck for men and women.

COLLECTION

# 2020 B&C POLO SHIRTS

## HI! I'M ORGANIC

\_ 74

The perfect urban conscious & contemporary fitted polo shirt. Thanks to its contemporary fit, its incredible colour offer (20), its ultra-soft and organic piqué, this polo shirt duo, designed for him and her, has it all ! And if you look at its price, for sure the B&C Inspire Polo will be your favourite polo shirt.

## B&C CLASSIC LINE

\_ 78

You are not the market leader by chance, The B&C Safran and the B&C Heavymill lines offer: perfect surface for decoration (B&C Fine Piqué), high quality finish, a range of up to 6 sizes, the market's widest and most unique colour pallet, tailored styles for men and for women in a line of 11 styles.

## B&C CORE LINE

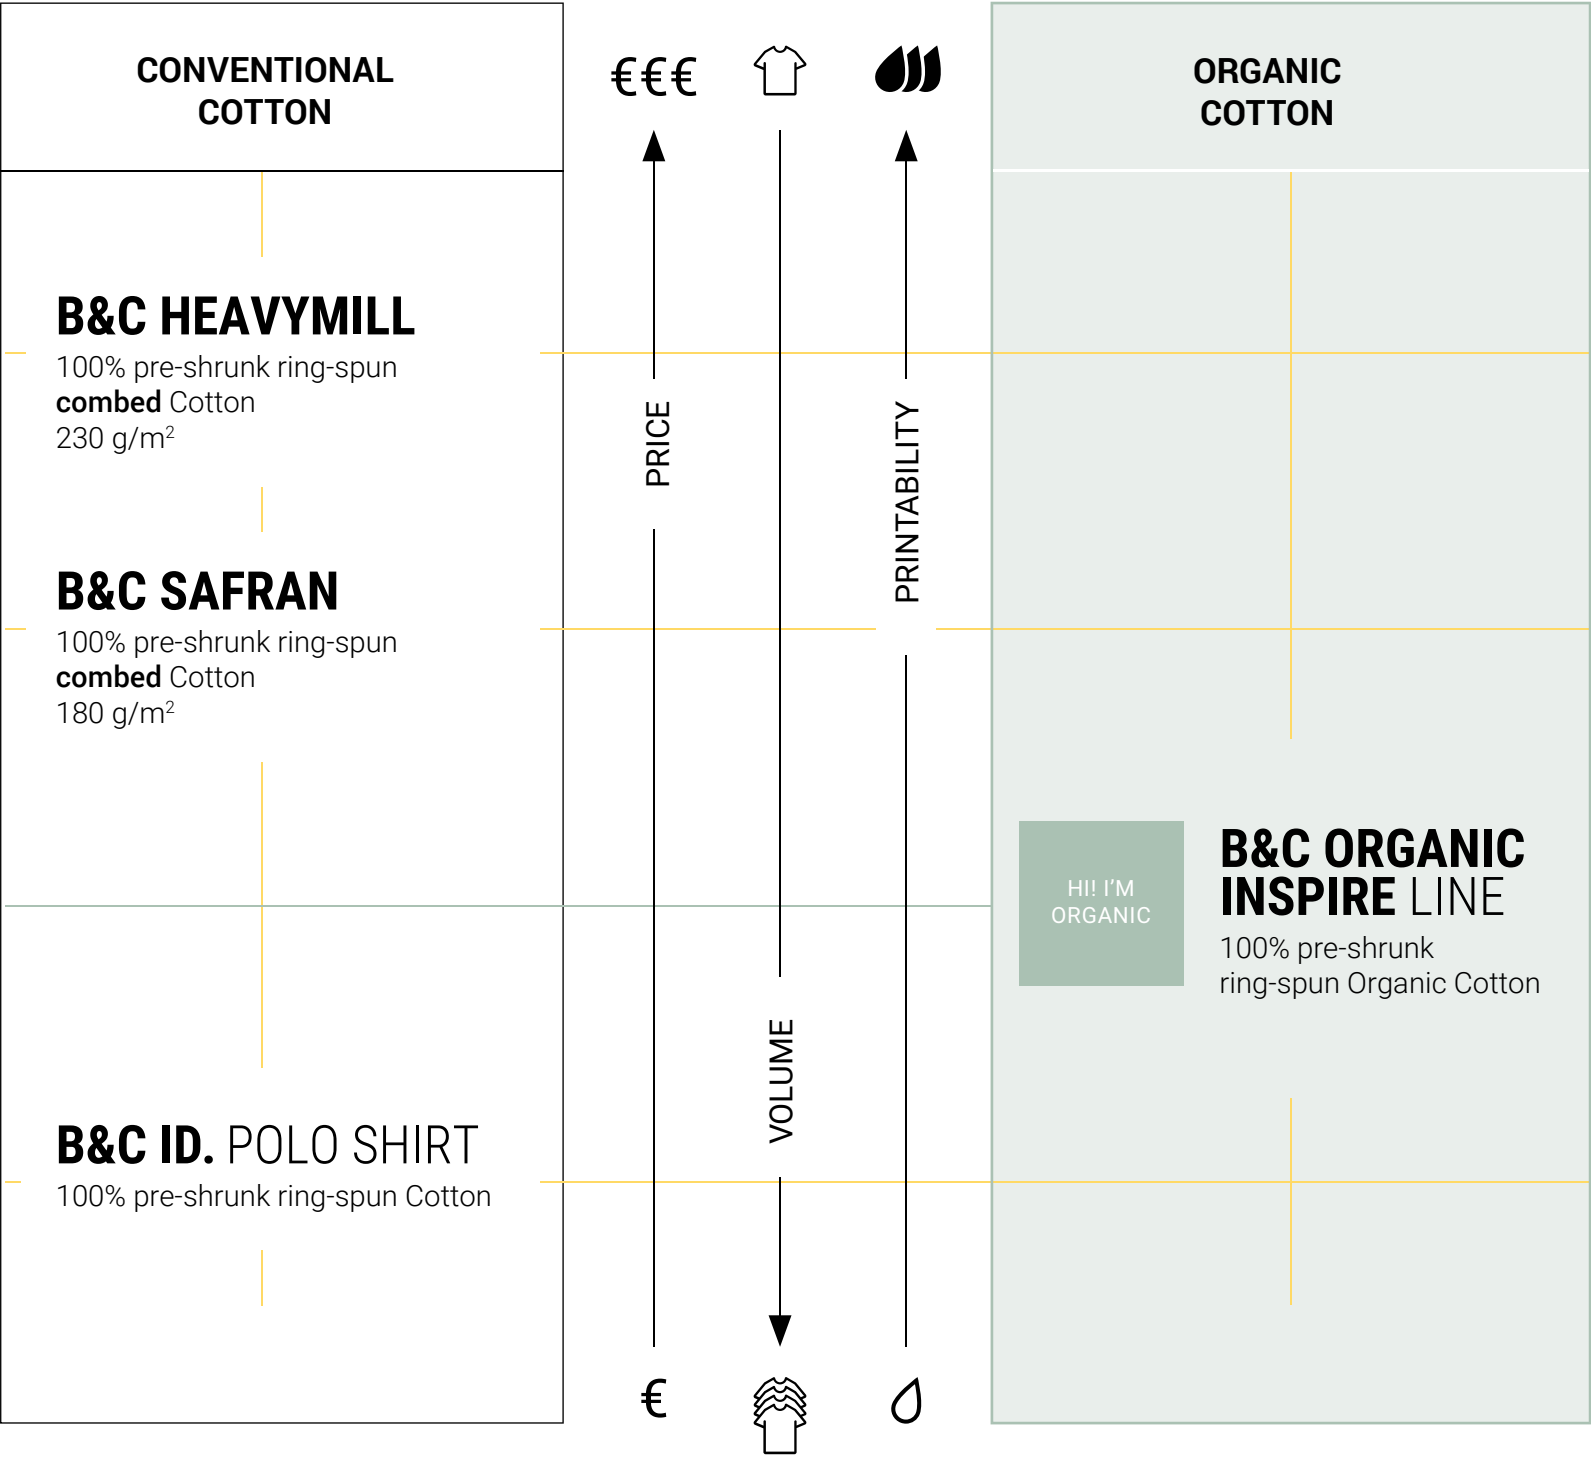

\_ 88

When value is key and you want to stay simple without compromising quality, the B&C ID. polo shirt line is there for you.

# SHOP BY NEEDS

## B&C POLO SHIRT COLLECTION

### SELECT YOUR STYLE THROUGH THE 18 B&C POLO SHIRTS ACCORDING TO YOUR PRIORITIES AND NEEDS.

Discover a polo shirt collection that is structured to cover all market needs. Define your profile, your volume, your cut, your price level and find the styles that suit the best your action.

#### B&C HEAVYMILL LINE

The B&C Heavymill line is a classy heavyweight polo shirt offering remarkable softness, elegant styling, outstanding printability and unbeatable durability. Available in 13 colours and 3 cuts. They are as perfect for promotional than for workwear.

#### B&C SAFRAN LINE

The B&C Safran polo shirt line is a stylish and qualitative offer thanks to remarkable softness, classic styling and outstanding printability. Made of high-quality **combed** cotton Fine Piqué, it is available in 27 colours and 7 cuts to cover a wide variety of actions and uniforms all year long.

#### B&C ORGANIC INSPIRE LINE

Hi! I'm organic. I'm your favourite conscious polo shirt. I'm fashionable, I'm short sleeves and made of high quality 100% organic cotton Fine Piqué. I'm available in 20 fascinating colours. I'm very soft and exceptionally printable. I'm "sustainability addicts approved".

#### B&C CORE LINE / ID. POLOSHIRT

Are you in need for polo shirts to cover large volume actions such as promotions, merchandising and events? The B&C ID. polo shirt line is the right answer for you. 4 all-purpose polo shirts made of 100% cotton Piqué, available in 20 colours and providing a good printable surface to cover any action.

# PRINTABILITY EXCELLENCE

The unique superior quality of **B&C Fine Piqué** has an ultra-tight honeycomb structure, giving a perfectly smooth surface for decoration.

# B&C FINE PIQUÉ

When screen printing a polo shirt, the quality of the piqué is crucial. If you want to achieve a faultless screen print, you need the smoothest, most even surface and the least hairy yarn possible. This will ensure the perfect detailing and the best end-result of your design.

Not all piqués can say the same!

## THE B&C SAFRAN AND B&C HEAVYMILL POLO SHIRTS - 100% RING-SPUN COMBED COTTON

## THE B&C INSPIRE POLO SHIRTS - 100% RING-SPUN ORGANIC COTTON

# LAB TESTS

## B&C SHIRTS ARE MADE TO LAST

B&C styles are intensively tested before, during and after production. We need to make sure the garments you choose for your teams and staff have the right performance and high quality that meets your business requirements. This is why we regularly carry out independent test labs with accredited laboratories on our stock of shirts.

## IGNORE THE WEATHER, ENJOY THE MOMENT

Working outside, cycling, climbing or just walking in the city, B&C Softshell jackets are ideal for a wide range of outdoor activities.

### WATERPROOF

Wet fabrics rob the body of warmth. By keeping water out, the durably waterproof B&C Softshell Jackets prevent heat loss, so the wearer stays dry and comfortable, whatever the conditions.

### WINDPROOF

Even light winds can penetrate most fabrics, this can be chilling and uncomfortable. Thanks to their inner membrane, B&C Softshell Jackets are windproof, to keep the wearer warm.

### BREATHABLE

Good insulation is also about ensuring that body moisture can effectively escape, keeping the wearer dry on the inside too. The breathable membrane at the heart of the B&C Softshell fabric ensures that moisture evaporates easily, even during exercise.

1.

2.

3.

4.

### PERFECT PROTECTION

The strength of the B&C Softshell Jackets lies in their 3-layer construction. A waterproof, windproof and breathable membrane is bonded both to the outer fabric and the inner lining. The benefit: no movement between the layers, which means less wear and tear and enhanced durability.

# B&C OUTERWEAR UNIT

## DECORATION MADE EASY BY B&C

To make designs stand up, decorators need beautiful, premium quality and easy to print products. Our aim is to make the decorators happy by proposing a collection that provides the best canvas for printing or embroidery.

Each style of the B&C Outerwear Unit is designed to be decorated and to ensure great brand visibility.

## OPTIMISED PRINT AREA

Decoration areas have been optimised on every style, to make sure you can make your customer's brand or message stand out.

## EASY ACCESS SOLUTION

B&C Jackets are equipped with hidden entries to give easy access for decoration and avoid any limitations - that you would expect from a lining or padding - without compromising look, finishing and quality.

Display your ideas on the back, on the front and in some cases on the sleeves too.

## B&C SHIELD SOFTSHELL PRO

This high performance 3-layer rip-stop PRO Softshell jacket is ergonomically designed to provide high levels of comfort, whatever the job. It's strong, modern look adds style but it's also waterproof and windproof, providing great protection to those working outdoors. Functional details complete the ideal partner at work. Its carefully designed ergonomic construction ensures the wearer ease of movement, thanks to the elasticity of its fabric.

A micro-fleece lining, full internal stormflap, standing collar and chin protector make it warm and really weatherproof, ideal for working outdoors, whatever the season. Functional, durable and reliable it's a perfect choice for the most hardworking team.

S - M - L - XL - 2XL - 3XL - 4XL

## B&C SHELTER PRO

Made to last, this highly functional, heavyweight workwear jacket is designed to protect workers in a range of environments, however bad the weather gets. Its strong, modern look is combined with quality functional details to make sure the wearer is comfortable and visible at all times. Its carefully designed ergonomic construction make this heavyweight workwear jacket comfortable to wear, offering protection and ease of movement.

A heavy padded lining, full external stormflap, standing collar and chin protector ensure warmth and weather-proofness, whilst its longer back protects whether standing or kneeling. 12 multifunctional pockets complete this perfectly reliable and durable working partner.

S - M - L - XL - 2XL - 3XL - 4XL

## B&C EXPERT PRO

Designed to give great protection whilst allowing for total freedom of movement, this highly functional workwear bodywarmer is perfect for active teams in a range of environments. Its ergonomic construction including deep cut armholes with elasticated weather protectors makes it warm and comfortable to wear.

Quality functional details, including multiple pockets, a longer back for added protection and reflective piping at the front for enhanced visibility ensure practicality, durability and safety, day and night.
